Rules:

1) A piece of text will appear with a colour stated.

2) There will be 6 different animals that have different colours.

3) Within these animals lies a piece of text with a colour written out.

4) You have to match the statement with the text within the animal.

5) Be careful not to base your answer off the actual colour of the animal, otherwise it'll be incorrect.

6) You gain a point for each correct answer.

7) Be quick as you only have 30 seconds to complete the task!
